Armour	30.9	57.6	9.3	15.1
Cedar	30.4	59.0	9.6	14.5
Greer	27.9	56.7	9.1	15.1
RonL	27.9	61.0	10.0	15.2
Tiger	27.8	60.4	9.9	15.6
T-158	27.4	59.6	9.6	13.9
Plot Average	34.7	58.8	9.5	14.7

Planted: September 21, 2010

Seeding Rate: 40 lbs/ac

Fertilizer: 60 lbs actual N as Anhydrous in Mid August

Harvested: July 6, 2011

Plot Size: 0.22 acres

Notes: No disease pressure in plots. Stand was thinner than desired and low rainfall created challenges for the wheat. A cool spring allowed the wheat to maximize number of kernels.
