When: June 3-5th, 2026

Where: Kansas State University

Who: Youth ages 13-18 before January 1, 2026 are invited to register

Cost: \$245

Register [HERE](#). Registration closes May 8.

Discovery Days is a mini college experience designed for youth who are 13-18 years of age as of January 1. Youth will have the opportunity to select classes and attend social functions.

The primary purpose of 4-H Discovery Days is to gain new ideas and expand your 4-H experience. You experience this through action-oriented learning activities, fun tours, and great evening social events.

You will meet new people, build leadership skills, and grow as a person!

- Help youth learn new ideas, techniques, and skills they can use personally and in their 4-H clubs or groups and communities

Give youth in-depth training through [hands-on educational sessions](#) from content and youth development experts

- Prepare youth to make informed decisions about their careers and college path
- Enhance personal growth by giving opportunities to develop responsibility, confidence, independence, accountability, problem-solving, decision-making, and time management skills
- Help youth meet new people and make new friends from different places and with different backgrounds from across the state
- Provide an opportunity for youth to experience the K-State campus and its wealth of resources
- Develop college and career readiness skills that prepare participants academically and socially for a successful transition to college and life as an adult

HAVE FUN!
